

Endorsement of Ben F. Gray

I admire Ben Gray highly for his boundless sense of vision and faith that has taken him repeatedly far outside Australian borders to North Africa and the Middle East and also to join us in the International Prayer Council for the United Nations prayer initiative, the World Prayer Assembly and other international prayer events through the years. He has a spiritual depth and maturity that makes him and his ministry a great asset to the Body of Christ as well as to those who still need to hear the Lord's good news around the world.
