An Endorsement of Pastor Ben F. Gray

It has been my joy and privilege to have known Ben Gray for some years. We served on the Evangelical Fellowship of the South Pacific and in that capacity I had the joy of attending a number of the EFSP Prayer Assemblies including Tonga, PNG and Fiji.

It was further my privilege, as a member of this organization, to work with Ben in seeking a way forward for the ongoing expression of the EFSP ministry in the South Pacific. Whilst Ben was not involved in the final outcomes his work in seeking to facilitate this process was valuable.

Ben is the founder and the oversight of the Australian Prayer Network since 1993. This Prayer Network would have to be the most reliable source of regular, if not daily, background and information given on the call to prayer of thousands of Intercessors across Australia and beyond.

In my dealings and ministry involvement with Ben I have been aware of his incredible love for people and heart to see people released to be all that the Lord has called and anointed them to be. He is an encourager and mentor to many in ministry.

Not only does Ben have a heart for Prayer he too has a big heart for the Nations and a longing to see the lost brought into the family of God.

Ben is an Author as well as a Pastor and personal friend. I highly recommend him and the ministry God has raised him up to provide.
