INcontext Ministries

04 June 2015

To whom it may concern

It is indeed a privilege to hereby confirm my deep appreciation for Pastor Ben Gray and his heart for the Kingdom, his passion for the nations, his love for people and his leadership in prayer

I have known Ben since 2006 and have had the joy to serve with him in various capacities and on various occasions. I have come to know Ben as a very dedicated and committed man of God with a real sense of calling in his life. His excellent leadership qualities combined with a humble heart has created a platform of integrity that has ministered in many nations across the globe. His position as founder and overseer of the Australian Prayer Network has brought him in contact with leaders from across the Middle East and Arab World and Ben's sacrificial service has been a major source of encouragement to the persecuted Church in this region.

Ben is not only an exceptional leader within the body of Christ but also a dear friend and a special brother

A handwritten signature in black ink, appearing to read "Mike Burnard".

Mike Burnard

Director INcontext Ministries and previously Vice-President Development of Open Doors International
