Re: Ben Gray

Ben Gray is known in the Christian community within Australia as a man of great character, integrity and leadership maturity. Ben's 'big heart' for people, the local church and the things of God's kingdom are regularly commented on by all who know him. Ben is a gifted leader who has established many city wide and national institutions that have had a significant impact. I regard Ben as a man of God who not only has wonderful things to say but more importantly, walks the talk.
